The Fear of the Taxpayers

The following petition to the Board of
Supervisors is being circulated by
Constable Del Lewis, praying the Board
to make a small allowance for the pur-
pose of cleaning the streets and alley-
ways of Bisbee, and to keep the same in
a healthy condition. This is a highly
proper mode of procedure, and should
have been done long ago. Our streets
and alleyways are in a deplorable con-
dition, and being without a city govern-
ment, it seems to us that is the correct
thing to do, and we believe the Board
will unhesitatingly grant the prayer of
the petitioners.

A large percentage of the taxes
of the county, and for that reason
are entitled to some of the benefits to be
given out and to recognition in this re-
spect by the board, two of whose mem-
bers are residents of this town, and per-
sonally know the requirements and
needs of the same. Following is the pe-
tition with the names so far secured.
More will be added and when full will
be forwarded to the county seat.

Bisbee, Arizona, }
July 15, 1899.

To the Honorable Board of Supervisors
of Cochise Co., Tombstone, Ariz.:
Gentlemen:—We the undersigned
citizens, property owners and taxpay-
ers of the town of Bisbee, county of Co-
chise, Territory of Arizona, do hereby
petition your honorable board as fol-
lows, viz:

That you allow George Gragovich one
(\$1.00) per day for doing the necessary
scavenger work in the town of Bisbee
from and after the 1st day of July, 1899,
as we now have a population of about
5,000 people, and

Whereas, The daily accumulations of
debris upon our public streets and
alleyways and in other public places,
has become in such a condition that
the health of the entire community is
endangered by the same, and,

Whereas, The stench of dead animals,
such as horses, burros, cats, dogs,
chickens, etc., (the legal owners of
which cannot be found) all of which
necessarily have to be moved, though
we have no convenient manner nor
method for their disposal, has become a
public nuisance and an annoyance to
our petitioners, and owing to the
present condition of affairs such debris
are allowed to smoulder and decay,
without removal, on account of no one
being willing to (personally) defray the
necessary expenses of carrying away
such garbage,

Whereof, We pray that your honorable
body will give this matter your
entire consideration, and make such al-
lowance according to our prayer.

The rains are now coming almost
daily and are of such gradual fall that
the country is receiving much good.
The earth is becoming pretty well
soaked, and so far as we have been
able to learn, there have been no
flooded sections as yet. The grass is
getting a good start and is well set
and thick on the ground, and if we are not
visited later by hot, parching winds, it
is reasonable to predict a good season
and plenty of fat cattle.

For galvanized iron tanks and can-
teens of all sizes go to C. A. Newman. t

Thomas Ingram, of Tombstone, was
found dead in his room a few days ago,
and the coroner's jury found that he had
died from natural causes, whatever that
may mean. Tom was an old-timer in
this county, having lived for many
years in Tombstone and was a chlorider
in that camp the greater part of the
time he resided there. He was well
known to all old-timers, and was a man
of correct habits and upright character,
and his many friends will be grieved to
learn of his sudden taking off.

Thomas Rhoads, of Centerfield, O.,
writes: "I suffered from piles seven or
eight years. No remedy gave me relief
until De Witt's Witch Hazel Salve, less
than a box of which permanently cured
me." Nothing, healing, perfectly
harmless. Beware of counterfeits.

H. W. Hesse, green, who left home
about four weeks ago, taking with him
the greater part of the family's earn-
ings, and who, it was thought by his
wife, had gone to Sweden, has been
heard from. Mrs. Hesse has re-
ceived a letter from him, which was
written in San Francisco. Whether it
is his intention to return to his family
or not, we are unable to state, but opine
that such is the case, else he would
hardly have written them.

Played Out.

Dull headache, pains in various part

obtain good health. Acker's Blood

ful remedy and we sell every bottle on a

Last Saturday night Doc Thomas
started to Tombstone on horseback, ex-
pecting to reach the county seat about
2 o'clock Sunday morning, but at the
extremity of the grade on the west side
of the mountains and not far from the
old stage stand his horse sprained one
of his fore legs so bad that he had to
forego his visit, neither could he return
home but was compelled to make a
pillow of his saddle, covering with the
saddle blanket and spend the remainder
of the night in the loneliness of the
hills. He reached home about 3 o'clock
yesterday afternoon leading his horse.

"Awful anxiety was felt for the wid-

must soon die from Pneumonia, but she
begged for Dr. King's New Discovery,
saying it had more than once saved her
life, and had cured her of Consumption.
After three small doses she slept easily
all night, and its further use completely
cured her." This marvelous medicine
is guaranteed to cure all Throat, Chest
and Lung Diseases. Only 50c and \$1.00.

COPPER IS THE METAL.

The Cochise Copper Mining Company,
Bisbee, Arizona.

This company owns a very valuable
group of mines situated in Warren
mining district, county of Cochise,
Arizona, lying immediately east of and
adjoining the town of Bisbee, and ad-
joining the property of the Copper
Queen Consolidated Mining company
on the north. The latter company has
been in operation for about twenty
years, and employs about 1,500 men
daily in the operation of its mammoth
mine and smelters, and as a result
has produced copper to over 34,000,000
pounds during the year 1898, and the
net proceeds of such production are
reported to have been over \$2,000,000,
and it has been said by experienced
miners who have been under its em-
ploy for years, that the Queen mine
now has sufficient ore in sight to keep
it in constant operation for the
next twenty years without further de-
velopment.

Is it not reasonable to believe that
the property of the Cochise company is
fully as valuable, when it is within
such close proximity to such a won-
derful mine?

The blasts set off in the underground
workings of the Queen property can
easily be felt and heard at the shaft of
our mine, and oftentimes the concussion
has attracted marked attention.

The original owners of these valu-
able mines are local business men, well
and favorably known in Bisbee and
surrounding vicinity, who are doing
their utmost to make this enterprise a
success in every respect. The board of
directors are original owners, and are
donating their services to the com-
pany until such time as the mine will
pay dividends. They own the con-
trolling interest in this property, and
as a protection to stockholders have
placed their entire interest in escrow
for a term of one year.

The stock books of our company are
now open for subscriptions, and a lim-
ited number of shares are offered at
ten cents per share. No application
for less than 100 shares will be ac-
cepted.

The company reserve the right at
any time to advance the price of shares
without further notice, or to reject any
application for stock at their discre-
tion.

Every cent received from the sale of
stock will be expended toward the de-
velopment of our property and the
erection of hoisting works, and all
other necessary improvements, and to
make our enterprise a success in every
particular.

We invite investigators and their
experts or their engineers to closely
scrutinize our property.

Applications for shares may be made
to any of the directors of the com-
pany, or to any of our legally author-
ized representatives.
